

Birds of Eagle Marsh

Bar charts of frequency of occurrence

Compiled by Ed Powers
October 2018; updated December 2019

These charts show the average number of each species reported for each month. Birds reported only rarely do not have a chart, only a list of occurrences. Frequency refers only to Eagle Marsh; some birds that are rare here are common nearby.

Max count: highest number seen at one time.

C: Common: occurs >75% of years, in season.

U: Uncommon: occurs 50%-75% of years, in season.

R: Rare: occurs 15% - 50% of years.

V: Very rare: occurs <15% of years.
